## NEWS LETTER OF THE COSTA FAMILY - JULY 2021

Dear American family, here we are again to tell you a little bit more of what the Lord has been doing down here. We are glad to share this news with you! You are a big part of His work through our ministry. Thank you very much for your love, care, prayers, and support!

### SCHOOL MINISTRY

Since the schools reopened, we visited them to try to set up meetings. We visited 32 schools! However, what is happening is that the students are not going because they still have the option to study online. The schools are receiving 12-20 students per day... Even though we were ready to do our program to these small groups, the schools preferred to postpone it to the second semester of classes (which starts in Aug), when they expect to have many more students going.

Anyway, one of these schools that was receiving a little more students opened the doors for us, where we could preach the Gospel to about 200 students, divided into 5 meetings in 3 different days. It was a blessing to speak again in a school after this long period of time that they were closed. Seeing the students very attentive, receiving the good Word of God, was a gift for us. Praise the Lord for this victory!

A great thing that we could see during these visits was that the schools continue to be totally open to our ministry. We were concerned about how they were going to receive us because of the ideological polarization that came up very strongly in this pandemic time. Nevertheless, they really wanted our ministry! They remained the same way as they have always been.

The power of the Word of God is incomparable. It is very common, when visiting schools, to find teachers/principals with whom we have worked before. On these recent visits reported above, when I, Bruno, saw a principal that I already knew, I jokingly asked her if she remembered me, to which she replied in a very nice way: "Yes, and I remember every word you spoke!" As described in previous newsletters, we

always have teachers and principals participating in the meetings with the students, and I remember very well that this principal was very attentive during messages. Because of the way she responded to me, and also how she received us, I could see how the Word of God touched her back then. She was happy to see us again, and really wants us to work at her school next season. Praise God!

## DRUG RECOVERY HOMES

Our ministry in the Drug Recovery Homes continues growing! We are still having many meetings in these Homes. May the Lord continue to open the doors and to touch the intern's hearts deeply, giving them hope and restoration. We are very grateful to Him for our ministry in these places.

## BIG DREAM MINISTRIES BRAZIL

God continues doing great things through BDM BRASIL! A great thing to share is that at the end of June, many "Be Amazing" Bible study groups were graduating. Three groups in the city of Brasilia graduated. They made an event where they shared beautiful testimonies, like what has happened to Jaqueline, the leader of these groups. She began to study alone until God called her to start studying with friends. She was divorced for 2 years, and now, 1 year later, she has her marriage restored and has led 8 "Be Amazing" groups in Brasilia, reaching close to 100 women!!! Praise God for His Work!

BDM also had a group graduating in Joinville, a city in the south of Brazil. This is the third year that this church developed the “Be Amazing” Bible study. They also organized a very nice event. Dayane, the woman that started the ministry in this church, became the regional leader of BDM in the South of Brazil.

Another testimony is about a leader in another State of Brazil (Minas Gerais). She started her first online group last year, and today she has led two weekly groups and has been opening a new group every 3 months. Moreover, she has not only women living in Brazil participating in these groups, but also Brazilians who live in the US, Italy, and Portugal.

We are very grateful to see what God has done through this ministry all over our country, and also starting in other nations!

## NEED IN BOLIVIA

We praise the Lord for the incredible ministry that He has been giving to our staff in Bolivia with the Indian tribes. Robson has been spending most of his time doing evangelism in these villages.

All the villages that are reached by car are through terrible roads. Praise the Lord for the good truck of WP Bolivia, which has been making these outreaches possible. Nonetheless, right now, it is time to replace the shock absorbers and the tires, which are very expensive. Please, keep praying for God's provision for this need. The total cost to replace these parts is \$1,800.

*Thank you very much for reading our news! We praise the Lord for your lives, your love, prayers, and support. May His Grace be with you, dear American family!*

*In His Grace,  
Bruno, Camila, and Mariana.*

### **Praise**

- \* For your precious prayers and support;
- \* For the opening of doors at the schools;
- \* For our ministry at the Drug Recovery Homes;
- \* For the growth of the women's Bible study groups.

### **Prayer requests**

- \* For school opportunities in this coming season;
- \* For the Lord's blessing on the new Bible study groups that are beginning;
- \* For the provision of the shock absorbers/tires for the WP Bolivia truck;
- \* For the Lord to keep our family in good health.
