

THE BLIND SEE

Vol 22 No 4

October 12, 2022

Ophthalmologists from the U.S. and Mexico converged at the Alabaster Project base in Bethany Village, Ghana. They were cloistered at the mission base, for six days they ate and breathed eye surgery. They performed eighty-seven surgeries on patients who are blinded from mature and

and dense cataracts. Many were led here blind but walked back seeing, both physically and spiritually. (Matt. 11:5). All ages and genders were helped.

Free at last!

Team of Ophthalmologists and nurses from the U.S. and Mexico

Walking into freedom

Mother and son

ALABASTER SURGICAL ROOM

The surgeries were intense but each procedure was successful!!

EYE CARE FOR ALL PEOPLE

Dr. Ku and Dr Lee with Juan Carlos arriving at Tamale Airport

New patients arriving each morning.

Each patient is treated with tender care.

Patients in line for triage

The message of life in Christ Jesus presented each day.

A DISCIPLE INTERPRETING THE GOSPEL INTO THE NATIVE LANGUAGE

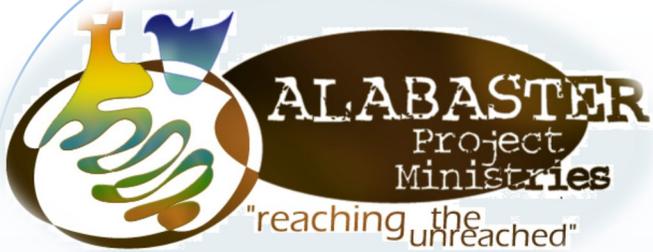

DISCIPLESHIP

Making disciples is a long and loving process which can take many years. It is one of the most rewarding and joyous works that our Lord commanded us to do before He ascended into heaven. Truly it is the Holy Spirit who does the work, and we are mere vessels chosen by the Lord to fulfil His commandment. God has given us a great love for all our disciples and especially those in the northern region of Ghana. It has not been easy for them to break away from tradition and to serve our Lord Jesus Christ. Through Christ's Spirit working mightily in them, it has become increasingly evident their love for the things of God, and to see the lost come to know Christ. *To God be the Glory.*

Through Christ's Spirit working mightily in them, it has become increasingly evident their love for the things of God, and to see the lost come to know Christ. *To God be the Glory.*

HOUSE of JOSEPH

This is the time of the year when food becomes scarce, just before the harvest. In one of our earlier newsletters, we mentioned that we were not able to farm as we have done in previous years. We casted our cares upon the Lord and He has sustained those in need. We purchased produce during the month of August for the widows, but due to the increase in prices it was not our usual size of gift. However, everyone was very apprecia-

tive. Last weekend we were able to deliver corn again to widows in four villages. Next week, God willing, corn will also be delivered to more widows. *God provided for the widows from a church congregation whom we have never met, they have only heard about us. This is a testimony of God's faithfulness.* We give God all the praise and all the glory! He is the only true and living God! Amen!!!

CONTAINER UPDATE

We want to thank each one who has had a part in shipping our container of medical equipment and supplies to Chad. With confirmation from the shipping line- CMA, the container should be arriving at our base before the end of the month. It is a long and arduous journey, but it is one that has been accomplished many times. Our base is geographically located in the center of the Sahara, quite a journey from the capital.
