

Mission Control Project - Brazil

Equip Ministry. **Reach** People. **Proclaim** Christ.

The Outreach

Worldwide Proclamation (WP) is a ministry that shares the Good News of Christ in Brazil and other countries. WP was launched in 1980 and is an extension of Open Air Campaigners, founded in 1892. The WP ministry focus is to present the gospel and person of Christ to people with presentations in city plazas, schools, prisons, neighborhoods, and mission trips to remote villages.

The Need

With outreach expanding and new evangelists and staff being added, there is a critical need for a designated WP workplace in Campinas, Brazil. The facility would serve as a central location for administrative offices, training, and planning.

- Train and equip national evangelists for front-line service
- Enhance ministry efficiency
- Expand ministry outreach
- Short-term living space for visiting missionaries and guests

The Country

The Plan

Locate and renovate an existing structure in Campinas to serve as the workplace for WP's mission in Brazil.

The Target

The Mission Control Project will raise a minimum of \$225,000 to fulfill the need.

The Fundraising

Trusting the Lord to provide contributions from existing ministry supporters, new supporters, organizations, churches, and businesses.

The Timeline

The Mission Control Project is set to have funds raised by year-end 2023.
