

Physical And Spiritual Eyes Are Opened!

"I can see again," exclaimed a patient who had been blind for fifteen years! Thank you Lord for the gift of eye surgery! Every good and perfect gift comes from above. This month we hosted a medical team from Mexico. We will long remember this medical outreach. From the very beginning, we all could sense the presence of the Lord and we had great anticipation for what the Lord was going to accomplish in our midst. As usual the Lord exceeded our expectations!

Well over a thousand patients were examined, many were blind from mature cataracts in both eyes. The incidence of glaucoma is very high in Sub-Saharan Africa, and even though we could have done surgery on almost all the patients, glaucoma would have prevented them from gaining their sight back. In five days we operated on 97 blind, and near-to-blind patients. Thanks to Jesus Christ all the surgeries

Mother and son

Ready for surgery

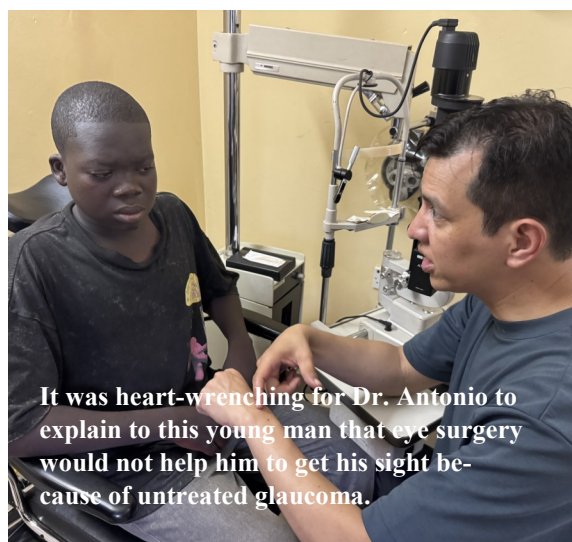

were successful. Many of the blind received their sight back! What a glorious time we had rejoicing with those whom God smiled upon and their sight was restored. The message of salvation went forth with power! No one could resist the Holy Spirit. The team consisted of eight medical professionals and one ophthalmologist! Dr. Antonio, who paid for his family and his entire staff to come to Ghana and serve those in need. God honored his sacrifice and poured out His Spirit abundantly. Many received their physical sight as well as their spiritual ones! We give thanks to God for all of you who continue stand with us in prayer. May the Lord remember you also for good.

THE MESSAGE OF LIFE

The message of salvation is what it is all about. Jesus said I am the way the truth and the life. No one comes to the Father except by Me. A thousand souls had the opportunity to hear this message. Some of the patients confessed that though they had heard it before but it had never been as clearly expressed as it was told during this medical outreach.

We give all credit to God. His Holy Spirit touched the hearts of many of the patients. Our prayer is that they will in turn share with others about the love of God and His tender mercy towards the people that He made for Himself.

It was heart-wrenching for Dr. Antonio to explain to this young man that eye surgery would not help him to get his sight because of untreated glaucoma.

Village Evangelism Continues In Ghana

We are excited about what God is doing in the northern region of Ghana. God has give us favor with the various chiefs. Discipleship is going well as our disciples are making disciples. Each disciple teaches while the others are interceding. God is giving the increase of understanding to the new believers.

Most of the citizens of Tamale have been at one time or another helped through the medical services at

Bethany Village (Alabaster Project). Through these relationships God has helped us to gain favor with many of the remote villages. These relationships have given us the opportunity to share the gospel with individuals who have become like family to us.

We ask for you prayers for our disciples as they endeavor to fulfill Christ's command to take the gospel to all people.

We run into Sule, a former employee of Alabaster Project. Sule listened and accepted the encouragement and teachings from King. Today Sule is the Chief of one of the Tamale fire stations. What a blessing to hear the testimonies of those that were disciplined almost twenty years ago and bearing fruit. Please pray for Sule he has not yet confessed Jesus as Savior. God's principles are powerful and they are always effective regardless of our confession.

THANK YOU!!

Spiritual eyes have been opened! Those who have accepted Jesus as their Savior will see for all eternity. Thank you for giving. We know that for some of you it is a sacrifice. May God bless you and your family and may you never lack any good thing. Amen.
